PRIZES
The College awards prizes, including the annual Syntex Award, to Fellows and the Schering Scholarships. Information is published periodically in the Journal and applicants should write to the Awards Secretary.

GRANTS
Grants for research projects in general practice are available from the Scientific Foundation Board. The Board’s definition of research is catholic and includes educational research, observational as well as experimental studies, and accepts the methodologies of social science as valid. It is not in a position to fund educational activities.

Clerk to the Board: Angela James.

INFORMATION RESOURCES CENTRE
Enquiry Service
The RCGP Enquiry Service aims to provide information on all aspects of General Practice to general practitioners, practice staff and other health professionals utilizing the growing resources of the IRC. These include: over 4000 books; 2500 periodical subject files of articles, reports and pamphlets; files of equipment and company brochures; collections of practice produced leaflets, annual reports, record cards, audits and premises plans. The Enquiry Team are pleased to help by telephone or by post, and general practitioners and their staff wishing to visit the Information Resources Centre are always welcome.
Opening Times: Monday-Friday 09.00-17.30 hours.

Online Search Service
The Online Search Service offers access to numerous publicly available computerized databases on virtually every subject and specializes in Biomedical Sciences including General Practice. The College’s trained Online Searcher carries out searches on a fraction of the time that a manual search would involve. Online searches can easily accommodate multiple search terms and can print out the results at a very high speed. Services are provided at a reduced rate to Members.
Reader Services Librarian: Clare Stockbridge Bland.

Library Services
The Geoffrey Evans Reference Library has been collecting material on General Practice since 1960. It has a unique collection of books, pamphlets and periodicals and general practitioners’ theses. As part of a planned development programme, the Library is expanding its computer database to allow improved exploitation of existing stock, while encompassing a wide range of new Primary Health Care documentation. The current awareness publication, News from General Practice, which is circulated widely to postgraduate medical centres, researchers, trainees and trainers, is now produced from this database, as is the College Journal Author Index, Theses List and various booklists.

An important service to Members is the supply of photocopies of Journal articles. These requests can often be satisfied from the 250 periodical titles currently taken. Articles not held at Princes Gate can be obtained from the British Library or other local medical libraries through the College Library Loan Service. Fellows, Members and Associates may use this facility at a discount rate. Non-members will be charged the full rate. Although the main bookstock of the IRC is for reference only, College publications may be taken out on loan.

The Information Resources Centre has undertaken research into the needs of practice librarians. The research was generously sponsored by Stuart Pharmaceuticals Ltd.
Technical Services Librarian: Leonard Malcolm. Librarian: Margaret Hammond.

CONTINUING EDUCATION
The Education Division is concerned with all aspects of education in and for General Practice, with particular emphasis on continuing medical education and performance review.
Divisional Administrator: Derek Buckland.

CLINICAL AND RESEARCH DIVISION
The Clinical and Research Division advises on all policies and protocols for the care of patients and coordinates clinical advice from the College, including preventive and anticipatory care. In devising practical measures of performance review for clinical care the Division attempts to encourage their use in daily practice. The Division, through the Research Committee plays an important advisory role on research in General Practice and advises Council on all matters relating to research.
Divisional Administrator: Andrew Singleton.

INFORMATION TECHNOLOGY CENTRE
The Centre aims to provide general practitioners with experience and practical advice on computers and computer software. This can range from specialized general practice systems to general business applications. Some specialist systems are maintained within the Centre and demonstrations can be arranged upon request. The Centre also organizes monthly computer appreciation courses which are open to general practitioners and their practice staff.
Information Technology Manager: Mike Hodgkinson.

PRINTING SERVICES
The College is able to provide competitively priced services to Members and Fellows for practice leaflets, notepaper, etc. and is willing to undertake printing and management on behalf of faculties.
Print Unit Manager: Norma Wimbleton.
