

Like radar, LABSTIX reagent strips will scan, give an early warning and immediate identification about the unknown.

Covering a wide range of five tests (for blood, ketones, glucose, protein and pH) LABSTIX reagent strips provide the most comprehensive urine testing procedure, available in convenient form, for detecting signals of disease.

Like radar, to be effective LABSTIX should be used routinely, day-in and day-out. Insure yourself against missing something—*before it is too late.*

GOLF

It was the Scots who brought the game of golf to its greatest flowering, and it is the Royal and Ancient Club of St. Andrews which is supreme arbiter of the game today. It is they who lay down the rules, including the one, for instance, that says that the weight of the ball shall be not greater than 1.620 ounces avoirdupois and the size not less than 1.620 inches in diameter.

The NHS price of the 30g. tube is 2/6d. plus P.T., and the cost of an average application of cream is under 1d. Literature and samples are available on request.

'Periactin' induces a marked improvement in the appetite of many patients. The resulting weight gain is due only to the increased food intake—there is no disturbance of endocrine function, no evidence of fluid retention.

'Periactin' does not reproduce the effects of 'tonics', haematinics or vitamins. 'Periactin' acts promptly, and its dosage is simple.

'Periactin' will be invaluable for many of those situations in which patients, adults and children, require food and yet have no appetite for it.

Supplied as tablets containing the equivalent of 4 mg anhydrous cyproheptadine hydrochloride, and as a syrup containing the equivalent of 2 mg anhydrous cyproheptadine hydrochloride in each 5 ml. Detailed information is available to physicians on request.

A UNIQUE ORAL GEL WITH STRIKING ANALGESIC AND ANTISEPTIC PROPERTIES

Bonjela has been shown in formal American trials to bring rapid relief from pain in 90% of all cases of oral ulceration, herpes labialis, gingivitis and denture sores. By rapid relief is meant marked alleviation of pain within 2-3 minutes.
