Two cheers for general practice

Towards 2000

Warm to general practice, cool to Alma-Ata

General practice 2000

All good doctors should ...

Towards the possible

Towards 2000: abstracts from the plenary sessions of the 11th Conference of the World Organization of National Colleges, Academies, and Academic Institutions of General Practitioners/Family Physicians

Job-loss and health — the influence of age and previous morbidity

Job-loss and morbidity in a group of employees nearing retirement age

Erythema infectiosum in a village primary school: clinical and virological studies

Acute low back pain: patients' perceptions of pain four weeks after initial diagnosis and treatment in general practice

Reducing delay in booking for antenatal care

Screening for antenatal and postnatal depressive symptoms in general practice using a microcomputer-delivered questionnaire

Patients' difficulties in obtaining appointments — a general practice audit

Teams for tomorrow — towards a new primary care system

New publications from the RCGP
