INFORMATION RESOURCES CENTRE

Enquiry Service

The RCGP Enquiry Service aims to provide information on all aspects of General Practice to general practitioners, practice staff and other health professionals utilizing the growing resources of the IRC. These include: over 4000 books; 150 periodicals; 150 theses; 100 videos; subject files of articles, reports and pamphlets; files of equipment and company brochures; collections of practice produced leaflets, annual reports, record cards, audits and premises plans; and a computerized database of practice profiles which holds information on the routines and systems of 400 practices, including staff, clinics, registers, etc.

The Enquiry Team are pleased to help by telephone or by post, and general practitioners and their staff wishing to visit the Information Resources Centre are always welcome.

Opening Times: Monday-Friday 09.00-17.30 hrs.

Enquiry Services Manager: Mrs Sylvia Wilson.

Online Search Service

The Online Search Service offers access to numerous publicly available computerized databases on virtually every known subject and specializes in Biomedical Sciences including General Practice. The College's trained Online Searcher carries out searches taking a fraction of the time that a manual search would involve. Online searches can easily accommodate multiple search terms and can print out the results at a very high speed. Services are provided at a reduced rate to Members.

Online Search Manager: Ms Sue Henshaw.

Library Services

The Geoffrey Evans Library has been collecting material on General Practice since 1960. It has a unique collection of books, pamphlets and periodicals and general practitioners' theses. As part of a planned development programme, the Library is expanding its computer database to

allow improved exploitation of existing stock, while encompassing a wide range of new Primary Health Care documentation. The current awareness publication, *New Reading for General Practice*, which is circulated widely to postgraduate medical centres, researchers, trainees and trainers, is now produced from this database, as is the College *Journal* Author index, Theses List and various booklists.

An important service to Members is the supply of photocopies of *Journal* articles. These requests can often be satisfied from the 150 periodical titles currently taken. Articles not held at Princes Gate can be obtained from the British Library or other local medical libraries through the Inter Library Loan Service. Fellows, Members and Associates may use this facility at a discount rate. Non-members will be charged the full rate. Although the main bookstock of the IRC is for reference only, College publications may be taken out on loan.

The Information Resources Centre is also undertaking research into the needs of practice libraries. The research is being generously sponsored by Stuart Pharmaceuticals Ltd.

Library Services Manager: Mr Leonard Malcolm.
Librarian: Miss Margaret Hammond.

CONTINUING EDUCATION

The Education Division is concerned with all aspects of education in and for general practice, with particular emphasis on continuing medical education and performance review.

CLINICAL AND RESEARCH DIVISION

The Clinical and Research Division advises on all policies and protocols for the care of patients and coordinates clinical advice from the College including preventive and anticipatory care. In devising practical measures of performance review for clinical care the Division attempts to encourage their use in day to day practice. The Division, through the Research Committee plays an important advisory role on research in General Practice and advises Council on all matters relating to research.

Divisional Administrator: Mr Andrew Singleton.

INFORMATION TECHNOLOGY CENTRE

The Centre aims to provide general practitioners with experience and practical advice on computers and computer software. This can range from specialized general practice systems to general business applications. Some specialist systems are maintained within the Centre and demonstrations can be arranged upon request. The Centre also organizes monthly computer appreciation courses which are open to general practitioners and their practice staff.

Information Technology Manager: Mr Mike Hodgkinson.

PRINTING SERVICES

The College has extensive modern printing equipment, and provides competitively priced services to Members and Fellows for practice leaflets, notepaper, etc.

Printing Services Manager: Mr Keith Mallett.
